SOLID WOOD SEATING  
SUSSEX FAMILY

The **Sussex Family** has a modern feel with eye-catching back cutouts, elegant lines, and timeless style. The family includes a Barstool, Arm Chair, and Side Chair. The two chairs stack 4 chairs high. The Sussex features a catalyzed lacquer finish that includes an antimicrobial formula to prevent the absorption of germs, mold, mildew, bacteria, and some viruses.

### PRODUCT FEATURES

- 1 Strong, beautiful European Beech hardwood frame
- 2 Stacks 4 high (arm and side chair)
- 3 Standard and custom stain options are available
- 4 Plush 2.5-lbs foam seat and 1.8-lbs foam back provide long-term comfort
- 5 Solid mortise and tenon joints
- 6 Seat and back are replacable in the field after purchase
- 7 Generous gap between the back and seat offers easy cleaning
- 8 Antimicrobial finish helps prevent the absorption of germs and bacteria

### STANDARD WOOD STAIN OPTIONS

Stain colors match our MityLite® tables, available at [mitylite.com](http://mitylite.com). (Custom stain matching is available, but a surcharge may apply.)

\*Matches MityLite buffet & dining table tops

### FABRIC OPTIONS

See [holsag.com/fabrics](http://holsag.com/fabrics) for selections.

### SPECIFICATIONS

BACK STYLE	ARM OPTION	FINISH	FABRICS	FABRIC YARDAGE	STANDARD GLIDE
Fixed	Yes	Catalyzed Lacquer	Grades 1-4+ TB133, COM	Visit <a href="http://holsag.com/fabric-requirements">holsag.com/fabric-requirements</a>	Nylon

### FRAME

The frame is built using 100% solid European beech, a strong, bendable, and renewable hardwood. This light-colored wood is ideal for staining which provides an attractive finish in any color.

### FRAME CONSTRUCTION

Mortise and tenon joints are glued with high solids water-based glue and reinforced with 18-gauge nails. Screws and corner blocks provide stability and strengthen the main joints.

### BACK

The curve and pitch in the back provide comfort and a modern look.

### FRAME FINISH

The stain is hand-wiped into the grain to ensure even color and maximum penetration into the wood. The frame is then sanded and sprayed with two coats of catalyzed finish to prevent cracking and chipping.

### SEAT

Standard barstool seat height is 30 inches with chair seat heights available in 24 inches (61 cm) to 30 inches (76 cm).

### STACKING

Optimal storage density is 4 chairs per stack.

### GLIDES

Options include nylon glides, small metal glides, standard metal glides, felt glides, and metal glides with a nylon cap.

### BARSTOOL KICKPLATE

Barstool kick plates provide style, protection, and durability. Brass kick plates come standard, but chrome and black kick plates are available upon request for no additional cost.

### OPTIONAL IN-LINE WHEEL

In-line wheels are available in white or brown. The housing for the wheels is cut directly into the front legs of the chair. Professionally secured in our factory, the in-line option is more subtle than casters, while still allowing for easy movement. Available for armchairs only.

### C.O.M. UPHOLSTERY

The amount of fabric needed per chair is estimated using 54-inch (137 cm) wide material. The actual amount required may vary depending on special pattern matching and the width of material. Specific yardages for orders can be provided upon request along with the model, quantity, and fabric details.

There is a \$50 flat charge for COM to cover all Customs and Duty charges.

### DIMENSIONS

	SIDE CHAIR	ARM CHAIR	BARSTOOL
