SOLID WOOD SEATING
BRISTOL

The **Bristol Arm Chair** is an elegant addition to our dining room collection. A timeless oval back gives this piece a classic look. As with all of Holsag chairs, the Bristol is built to be comfortable and strong.

PRODUCT FEATURES

- 1** Strong, beautiful European Beech hardwood frame
- 2** Standard and custom stain options are available
- 3** Plush 2.5 lbs foam seat and 1.8 lbs foam back provide long-term comfort
- 4** Solid mortise and tenon joints
- 5** Generous gap between the back and seat offers easy cleaning

STANDARD WOOD STAIN OPTIONS

Stain colors match our MityLite® tables, available at mitylite.com. (Custom stain matching is available, but a surcharge may apply.)

*Matches MityLite buffet & dining table tops

FABRIC OPTIONS

Due to the sewing and style of the chair, upholstery options are restricted to solids and non-matched patterns.

Striped fabrics and fabrics that need specific alignment are not recommended.

See holsag.com/fabrics for selections.

SPECIFICATIONS

| BACK STYLE | ARM OPTION | FINISH | FABRICS | STANDARD GLIDE |
|------------|------------|-------------------------|------------------------|----------------|
| Fixed | Yes | European Beech Hardwood | Grades 1-4+ TB133, COM | Nylon |

BACK

The Bristol Arm Chair features an elegant oval back, with a window to showcase the fabric choice.

FRAME

The frame is built using 100% solid European beech, a strong, bendable, and renewable hardwood. This light-colored is ideal for staining which provides an attractive finish in any color.

FRAME CONSTRUCTION

Mortise and tenon joints are glued with high solids water-based glue and reinforced with 18-gauge nails. Screws and corner blocks provide stability and strengthen the main joints.

FRAME FINISH

The stain is hand-wiped into the grain to ensure even color and maximum penetration into the wood. The frame is then sanded and sprayed with two coats of catalyzed finish to prevent cracking and chipping.

SEAT

Elastic webbed seat plate covered with high-density foam. Seat heights available ranging from 24 inches (61 cm) to 30 inches (76 cm).

GLIDES

Options include nylon glides, small metal glides, standard metal glides, felt glides, and metal glides with a nylon cap.

C.O.M. UPHOLSTERY

The amount of fabric needed per chair is estimated using 54-inch (137 cm) wide material. The actual amount required may vary depending on special pattern matching and the width of material. Specific yardages for orders can be provided upon request along with the model, quantity, and fabric details. Customers are responsible for any additional customs/duty fees for fabrics shipping across the border.

HOODED BALL CASTER

Casters can be added to arm chairs to provide a full 360-degree rotation. The 2-inch sphere wheel and antique brass are designed to not only be beautiful but to act as a guard. We recommend casters only be fixed to the front legs to provide stability for your clients. The casters are professionally installed to ensure there is zero compromise to the integrity of our chairs.

DIMENSIONS

| | SIDE CHAIR |
|----------------|--------------------|
| OVERALL HEIGHT | 39 in (99 cm) |
| OVERALL DEPTH | 24.5 in (62 cm) |
