SOLID WOOD SEATING
DALLAS

The **Dallas** family is a premium collection, which offers chairs and a barstool with upholstered backs and seats. The sleek lines of the collection will add a contemporary twist to your establishment. You can create a personalized touch by selecting individual fabrics for the inside back, outside back, and seat. The Dallas family not only complements each other, but highlights any room.

PRODUCT FEATURES

- 1 Strong, beautiful European Beech hardwood frame
- 2 Upholstered backs and seats provide elegance and comfort
- 3 Standard and custom stain options are available.
- 4 Plush 2.5-lbs foam seat
- 5 Supportive 1.8-lbs foam back
- 6 Solid mortise and tenon joints
- 7 Generous gap between the back and seat offers easy cleaning
- 8 Slim profile fits easily into tight spaces

STANDARD WOOD STAIN OPTIONS

Stain colors match MityLite® tables, available at mitylite.com. (Custom stain matching is available, but a surcharge may apply.)

FABRIC OPTIONS

Due to the sewing and style of the chair, upholstery options are restricted to solids and non-matched patterns. Striped fabrics and fabrics that need specific alignment are not recommended. See holsag.com/fabrics for selections.

SPECIFICATIONS

BACK STYLE	ARM OPTION	FINISH	FABRICS	FABRIC YARDAGE	STANDARD GLIDE
Fixed	Yes	European Beech Hardwood	Grades 1-4+ TB133, COM	0.85 - 1.5 yards	Nylon

Also available with arms

FRAME

The frame is built using 100% solid European beech, a strong, bendable, and renewable hardwood. This light-colored wood is ideal for staining which provides an attractive finish in any color.

FRAME CONSTRUCTION

Mortise and tenon joints are glued with high solids water-based glue and reinforced with 18-gauge nails. Screws and corner blocks provide stability and strengthen the main joints.

BACK

The curve and pitch of the sleigh back provide comfort and elegance.

FRAME FINISH

The stain is hand-wiped into the grain to ensure even color and maximum penetration into the wood. The frame is then sanded and sprayed with two coats of catalyzed finish to prevent cracking and chipping.

SEAT

The upholstered seat allows for a customized look and features 2.5 lbs of high-density foam to provide comfort. Standard barstool seat height is 30 inches with the option for a seat height of 24 inches (61 cm) to 30 inches (76 cm) upon request.

GLIDES

Options include nylon glides, small metal glides, standard metal glides, felt glides, and metal glides with a nylon cap.

BARSTOOL KICKPLATE

Barstool kick plates provide style, protection, and durability. Brass kick plates come standard, but chrome and black kick plates are available upon request for no additional cost.

OPTIONAL IN-LINE WHEELS

In-line wheels are available in white or brown. The housing for the wheels is cut directly into the front legs of the chair. Professionally secured in our factory, the in-line option is more subtle than casters, while still allowing for easy movement. Available for armchairs only.

C.O.M. UPHOLSTERY

The amount of fabric needed per chair is estimated using 54-inch (137 cm) wide material. The actual amount required may vary depending on special pattern matching and the width of material. Specific yardages for orders can be provided upon request along with the model, quantity, and fabric details. Customers are responsible for any additional customs/duty fees for fabrics shipping across the border.

HOODED BALL CASTER

Casters can be added to arm chairs to provide a full 360-degree rotation. The 2-inch sphere wheel and antique brass are designed to not only be beautiful but to act as a guard. We recommend casters only be fixed to the front legs to provide stability for your clients. The casters are professionally installed to ensure there is zero compromise to the integrity of our chairs.
