SOLID WOOD SEATING
CANYON

The **Canyon** is an attractive tub-style chair with a wrap-around design for a relaxed, comfortable sit. The visible wood frame along the back and sides add a timelessly elegant look.

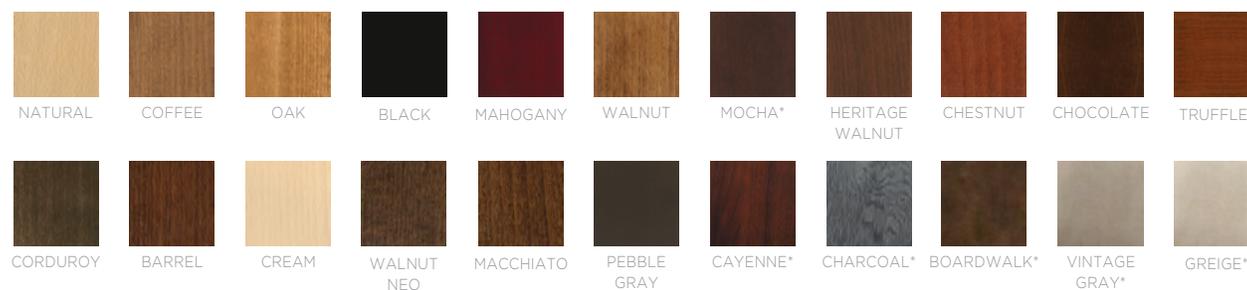

PRODUCT FEATURES

- 1** Strong, beautiful European Beech hardwood frame
- 2** Attractive tub style frame provides a relaxed, comfortable sit
- 3** Standard and custom stain options are available
- 4** Plush 2.5 lbs foam seat and wraparound foam back
- 5** Strong mortise and tenon joints
- 6** Visible wood frame decorates back and sides

STANDARD WOOD STAIN OPTIONS

Stain colors match our MityLite® tables, available at mitylite.com. (Custom stain matching is available, but a surcharge may apply.)

*Matches MityLite buffet & dining table tops

FABRIC OPTIONS

Due to the sewing and style of the Canyon, upholstery style is restricted to solids or non-matched patterns only. Fabrics that include stripes or that need specific alignment are not recommended. See holsag.com/fabrics for selections.

SPECIFICATIONS

BACK STYLE	ARM OPTION	FINISH	FABRICS	FABRIC YARDAGE	STANDARD GLIDE
Tub	Yes	European Beech Hardwood	Grades 1-4+ TB133, COM	Visit holsag.com/fabric-requirements	n/a

FRAME

The frame is built using 100% solid European beech, a strong, bendable, and renewable hardwood. This light-colored wood is ideal for staining which provides an attractive finish in any color. The visible frame along the back and sides add a timeless elegant look.

FRAME CONSTRUCTION

Mortise and tenon joints are glued with high solids water-based glue and reinforced with 18-gauge nails. Screws and corner blocks provide stability and strengthen the main joints.

FRAME FINISH

The stain is hand-wiped into the grain to ensure even color and maximum penetration into the wood. The frame is then sanded and sprayed with two coats of catalyzed finish to prevent cracking and chipping.

BACK

Upholstered, wrap around back design provides a relaxed comfortable sit.

SEAT

The richly upholstered high-density foam cushion seat adds unsurpassed comfort to this handsome piece.

GLIDES

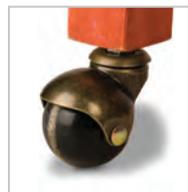

Options include nylon glides, small metal glides, standard metal glides, felt glides, and metal glides with a nylon cap.

C.O.M. UPHOLSTERY

The amount of fabric needed per chair is estimated using 54-inch (137 cm) wide material. The actual amount required may vary depending on special pattern matching and the width of material. Specific yardages for orders can be provided upon request along with the model, quantity, and fabric details.

There is a \$50 flat charge for COM to cover Duty and Customs charges.

HOODED BALL CASTER

The caster has a full 360° rotation, with a 2-inch sphere wheel complete with an antique brass hood. This hood is designed to not only be beautiful but to act as a guard as well. We recommend that the casters are fixed to front legs only to provide stability for your clients. Casters are professionally installed to ensure there is zero compromise to the integrity of our chairs.
