SOLID WOOD SEATING
HUDSON

This elegant sleigh back of the **Hudson** dining chair comes with an integrated arm. It's available with the following outside back designs: Plain, Window Pane, Double X, and Art Deco. The fabric on the back of the chair is visible through each of these design options.

PRODUCT FEATURES

- 1** Strong, beautiful European Beech hardwood frame
- 2** Standard and custom stain options are available
- 3** Sleigh back design
- 4** Plush 2.5-lbs foam seat and 1.8-lbs foam back provide long-term comfort
- 5** Solid mortise and tenon joints
- 6** Generous gap between the back and seat offers easy cleaning

STANDARD WOOD STAIN OPTIONS

Stain colors match our MityLite® tables, available at mitylite.com. (Custom stain matching is available, but a surcharge may apply.)

*Matches MityLite buffet & dining table tops

FABRIC OPTIONS

See holsag.com/fabrics for selections.

SPECIFICATIONS

BACK STYLE	ARM OPTION	FINISH	FABRICS	FABRIC YARDAGE	STANDARD GLIDE
Fixed	Yes	European Beech Hardwood	Grades 1-4+ TB133, COM	Visit holsag.com/fabric-requirements	Nylon

BACK

The backrest of the Hudson Arm Chair has an upholstered front and back, which allows for custom fabric to be seen from any angle.

FRAME

The frame is built using 100% solid European beech, a strong, bendable, and renewable hardwood. This light-colored is ideal for staining which provides an attractive finish in any color.

FRAME CONSTRUCTION

Mortise and tenon joints are glued with high solids water-based glue and reinforced with 18-gauge nails. Screws and corner blocks provide stability and strengthen the main joints.

FRAME FINISH

The stain is hand-wiped into the grain to ensure even color and maximum penetration into the wood. The frame is then sanded and sprayed with two coats of catalyzed finish to prevent cracking and chipping.

SEAT

The seat is upholstered and supported by a mesh-webbed underside, which provides luxurious comfort.

GLIDES

Options include nylon glides, small metal glides, standard metal glides, felt glides, and metal glides with a nylon cap.

C.O.M. UPHOLSTERY

The amount of fabric needed per chair is estimated using 54-inch (137 cm) wide material. The actual amount required may vary depending on special pattern matching and the width of material. Specific yardages for orders can be provided upon request along with the model, quantity, and fabric details. There is a \$50 flat charge for COM to cover Duty and Customs charges.

OPTIONAL IN-LINE WHEELS

In-line wheels are available in white or brown. The housing for the wheels is cut directly into the front legs of the chair. Professionally secured in our factory, the in-line option is more subtle than casters, while still allowing for easy movement. Available for armchairs only.

HOODED BALL CASTER

Casters can be added to arm chairs to provide a full 360-degree rotation. The 2-inch sphere wheel and antique brass are designed to not only be beautiful but to act as a guard. We recommend casters only be fixed to the front legs to provide stability for your clients. The casters are professionally installed to ensure there is zero compromise to the integrity of our chairs.

DIMENSIONS

	ACCENT ARM CHAIR
