FABRIC OPTIONS

See holsag.com/fabrics for selections.

SPECIFICATIONS

BACK STYLE	FINISH	FABRICS	FABRIC YARDAGE	STANDARD GLIDE
Fixed	European Beech Hardwood	Grades 1-4+ TB133, COM	Visit holsag.com/fabric-requirements	Nylon

Available with swivel seat option (turns up to 360°)

FRAME

The frame is built using 100% solid European beech, a strong, bendable, and renewable hardwood. This light-colored wood is ideal for staining which provides an attractive finish in any color.

FRAME CONSTRUCTION

Mortise and tenon joints are glued with high solids water-based glue and reinforced with 18-gauge nails. Screws and corner blocks provide stability and strengthen the main joints.

FRAME FINISH

The stain is hand-wiped into the grain to ensure even color and maximum penetration into the wood. The frame is then sanded and sprayed with two coats of catalyzed finish to prevent cracking and chipping.

SEAT

Available upholstered or in solid wood, the seats are sculpted at the factory to ensure comfort. A swivel option is available as an upgrade. Standard barstool seat height is 30 inches (76.2cm), but sizes ranging from 24 inches (61 cm) to 30 inches (76.2 cm) are available upon request.

FOOT RING

Foot rings are available in brass, black, or chrome.

GLIDES

Options include nylon glides, small metal glides, standard metal glides, felt glides, and metal glides with a nylon cap.
