Fixed	n/a	European Beech Hardwood	Grades 1-4+ TB133, COM	Visit <a href="http://holsag.com/fabric-requirements">holsag.com/fabric-requirements</a>	Nylon

## FRAME

The frame is built using 100% solid European beech, a strong, bendable, and renewable hardwood. This light-colored wood is ideal for staining which provides an attractive finish in any color.

## FRAME FINISH

The stain is hand-wiped into the grain to ensure even color and maximum penetration into the wood. The frame is then sanded and sprayed with two coats of catalyzed finish to prevent cracking and chipping.

## FRAME CONSTRUCTION

Mortise and tenon joints are glued with high solids water-based glue to strengthen.

## BACK

The form-fitting, curved back is constructed of wood on the outside and upholstery on the inside. The upholstery is replaceable in the field after purchase.

## INTEGRATED PUSH-OFF POINT

The leg designed provides a push-off point for assisting guests and visitors when standing up out of the chair.

## SEAT

The waterfall front provides comfort and the seat is replaceable in the field after purchase.

## GLIDES

Options include nylon glides, small metal glides, standard metal glides, felt glides, and metal glides with a nylon cap.

## CUSTOM ETCHING

Add elegance to the chairs with an etching of your company or establishment name/logo. Or, add numbering/sequencing. Contact your dealer to arrange and create a custom design to suit any occasion.

## WALL MOUNT

Constructed from 11-gauge mild steel, the Milan Wall Mount easily attaches inside closets, on the back of doors, and anywhere needed to offer convenient storage for a single Milan folding chair.

## C.O.M. UPHOLSTERY

The amount of fabric needed per chair is estimated using 54-inch (137 cm) wide material. The actual amount required may vary depending on special pattern matching and the width of material. Specific yardages for orders can be provided upon request along with the model, quantity, and fabric details. There is a \$50 flat charge for COM to cover Duty and Customs charges.

## INTERLOCKING GANGING

This feature is meant to interlock our chairs to create a smooth, continuous look. This allows you to secure multiple chairs together in rows for a straight line every time.
