Fixed	n/a	European Beech Hardwood	Grades 1-4+ TB133, COM	Visit <a href="https://holsag.com/fabric-requirements">holsag.com/fabric-requirements</a>	Nylon

### FRAME

The frame is built using 100% solid European beech, a strong, bendable, and renewable hardwood. This light-colored wood is ideal for staining which provides an attractive finish in any color.

### FRAME CONSTRUCTION

Mortise and tenon joints are glued with high solids water-based glue and reinforced with 18-gauge nails. Screws and corner blocks provide stability and strengthen the main joints.

### BACK

The curved plywood back provides comfort and a modern look. The hand cut out aids in no-fuss transportation.

### FRAME FINISH

The stain is hand-wiped into the grain to ensure even color and maximum penetration into the wood. The frame is then sanded and sprayed with two coats of catalyzed finish to prevent cracking and chipping.

### SEAT

The seats and upholstered cushion are custom-built at the factory to ensure comfort. The standard barstool seat height is 30 inches (76.2 cm), and other heights are available ranging from 24 inches (61 cm).

### GLIDES

Options include nylon glides, small metal glides, standard metal glides, felt glides, and metal glides with a nylon cap.

### BARSTOOL KICKPLATE

Barstool kick plates provide style, protection, and durability. Brass kick plates come standard, but chrome and black kick plates are available upon request for no additional cost.

### CUSTOM ETCHING

Add elegance to the chairs with an etching of your company or establishment name/logo. Or, add numbering/sequencing. Contact your dealer to arrange and create a custom design to suit any occasion.

### C.O.M. UPHOLSTERY

The amount of fabric needed per chair is estimated using 54-inch (137 cm) wide material. The actual amount required may vary depending on special pattern matching and the width of material. Specific yardages for orders can be provided upon request along with the model, quantity, and fabric details. There is a \$50 flat charge for COM to cover Duty and Customs charges.

The hand cut out makes the York easy to move.
