SOLID WOOD SEATING
CUSTOM CARLO

The stylish, modern **Custom Carlo** chair is unbeatable in its exceptional value. This stacking chair is built to withstand constant use, which makes it suited for many high traffic areas such as schools, conference rooms, and restaurants. Custom finishes can add dimension to this piece, and easily make it the focal point of any room. The chair can stack 6 high.

PRODUCT FEATURES

- 1 Strong, beautiful European Beech hardwood frame
- 2 Sculpted wood backs and seats provide comfort
- 3 Standard stain finishes are available, also in two-tone combinations
- 4 Dowel construction with metal-to-metal hardware
- 5 Generous gap between the back and seat offers easy cleaning
- 6 Antimicrobial finish protects the frame from absorbing germs and bacteria

STANDARD WOOD STAIN OPTIONS

Stain colors match our MityLite® tables, available at mitylite.com. (Custom stain matching is available, but a surcharge may apply.)

*Matches MityLite buffet & dining table tops

FABRIC OPTIONS

See holsag.com/fabrics for selections.

SPECIFICATIONS

BACK STYLE	ARM OPTION	FINISH	FABRICS	FABRIC YARDAGE	STANDARD GLIDE	STACK HEIGHT
Fixed	Yes	Catalyzed Lacquer	Grades 1-4+ TB133, COM	Visit holsag.com/fabric-requirements	Nylon	6 high

FRAME

The frame is built using 100% solid European beech, a strong, bendable, and renewable hardwood. This light-colored wood is ideal for staining which provides an attractive finish in any color.

FRAME CONSTRUCTION

The chair is reinforced with dowel construction and metal-to-metal hardware.

BACK

The curve and pitch in the back provide comfort, support, and a modern look.

FRAME FINISH

The stain is hand-wiped into the grain to ensure even color and maximum penetration into the wood. The frame is then sanded and sprayed with two coats of catalyzed finish to prevent cracking and chipping.*

SEAT

Available in upholstered or solid wood seats sculpted at the factory to ensure comfort.

GLIDES

Options include nylon glides, small metal glides, standard metal glides, felt glides, and metal glides with a nylon cap.

C.O.M. UPHOLSTERY

The amount of fabric needed per chair is estimated using 54-inch (137 cm) wide material. The actual amount required may vary depending on special pattern matching and the width of material. Specific yardages for orders can be provided upon request along with the model, quantity, and fabric details.

There is a \$50 flat charge for COM to cover Duty and Customs charges.

INTERLOCKING GANGING

This feature is meant to interlock the chairs to create a smooth, continuous look. This allows you to secure multiple chairs together in rows for a straight line every time.

CUSTOM ETCHING

Add elegance to the chairs with an etching of your company or establishment name/logo. Or, add numbering/sequencing. Contact your dealer to arrange and create a custom design to suit any occasion.
